# FAN Awareness Webinars

Professionals who work in human services and the court system are engaged in work that is both rewarding and emotionally intrusive.

Reflective Practice is a relationship-based practice that assists in mitigating the effects of the emotionally intrusive nature of the work by helping individuals examine their current and past actions, emotions, experiences, and responses in order to evaluate their work performance and learn to improve in the future.

This webinar will cover:

- Why reflective practice is important for helping professionals.
- An overview of the core components of the Facilitating Attuned Interactions (FAN) Model.
- A summary of the NCRP and its training program.

**March 4** 9 - 10 AM

**June 6** 12 - 1 PM

**September 9** 12 - 1 PM

**December 3** 9 - 10 AM
