

PROTECTION ORDERS IN PRACTICE: MYTHS, REALITIES, AND SAFETY CONSIDERATIONS

Protection orders are a nuanced safety tool with both benefits and drawbacks. While they can be powerful in providing protection, they also come with challenges and are often surrounded by myths and misconceptions.

This training will:

- Outline the different types of protection orders and discuss their pros and cons
- Address common myths and misconceptions about protection orders
- Explore how to talk about protection orders with victims in a practical way
- Share strategies for incorporating safety planning into the protection order process
- Strengthen understanding of how to navigate complex situations and support victims in making informed decisions that prioritize their safety
