

2026

Professional Development for FAN Mentors

Reflective consultation and professional development are essential for FAN Mentors. NCRP provides both consultation and professional development opportunities for FAN Mentors.

As an active FAN Mentor, we ask that you participate in the following opportunities in 2026:

- **Consultation Calls**
 - *Every other month as currently scheduled.*
- **Professional Development Day: Thursday, March 26, 2026 (9 am to 1 pm)**
 - Held at UNL's Center on Children, Families and the Law. Lunch provided.
 - We will introduce our new FAN Mentoring Structure and provide an overview of our newest model of Reflective Practice, Components for Enhancing Career Experience and Reducing Trauma (CE-CERT), that we believe can support you in your mentoring work. Come connect with other mentors, reflect on our past work, and get excited about the year to come!
